PER 79-5789

24 September 1979

MEMORANDUM FOR: General Counsel

FROM : Deputy Director of Central Intelligence

SUBJECT : Statutory Authority for Proposed Senior Intelligence Service (SIS) System

1. As you know, you have participated in meetings to help design the proposed CIA Senior Intelligence Service system. I have directed the Office of Personnel to implement the proposal effective 1 October 1979.

2. Would you please formally review and certify to me as soon as possible before the 1 October date that all legal aspects of the proposal are within the Agency's authority and apprise me of any other concerns you may have on the proposal.

3. This is a far-reaching initiative which, if properly designed and implemented, will have a fundamental effect on the Agency personnel management system. If the program supervisors conscientiously perform as expected under this system, I expect more effective and more efficient achievement of Agency-wide goals.

4. It is also true, however, that those who will not share in performance awards and bonuses a year from now may formally register their dissatisfaction with the system. We can handle that through existing grievance and personnel systems. I do want to be assured formally, however, that there is no legal basis to attack the system we are about to launch.

5. I would appreciate your personal priority attention to this major Agency initiative.
